

WASTEWATER TREATMENT FACILITY

ASSIGNMENT #4

1. **NOTES:** As you walk along the tour, take notes on the phases (or stages) of water treatment, namely what each stage is called, and briefly what happens there.
2. **P or S:** In your notes, indicate which stage is PRIMARY (or PRE-) treatment by writing a capital 'P' and circling it. Do the same for the SECONDARY treatment stages, using a capital 'S' and circling it.
3. **FINAL PRODUCT:** Write a few sentences explaining what solid product is produced (and sold?) from this facility...what it looks like... and how different it is from what came into the plant.
4. **FLAME:** Write a few sentences explaining what this is, and what is used for at this facility.
5. **PHOTO:** You must have your photo taken ON THE TOUR – not just out front of the plant.
