

FORENSICS EXAM #1

MAKE-UP FIXES

You must answer all questions below to be eligible for fix points. Your answers must be in complete sentences AND hand-written. Spelling and grammar count.

You should have a full page of writing (one side of an 8.5"x11" sheet) when finished.

1. Are viruses alive? Explain your answer.
2. Why do dead bodies typically float in water?
3. What is homeostasis? Give one example of how your body maintains homeostasis.
