

How to catch the overfishermen Write down a couple of big ideas from each paragraph. The questions are just prompts.

P1: What's the problem? How important is fish to the planet?

P2: What is the tragedy of the commons? Why do we have this problem?

P3: Is there new technology available?

P4: Will this technology work?

P5: Are there additional benefits to consumers?

P6 & P7: Does this help with reserves? What's the irony of technology in fishing, according to the article?
